Hi Mike,

As requested during our conference call yesterday, Roux Associates, on behalf of CFAC, is providing revised redline versions of the RI/FS Work Plan and SAP. Additionally, we are providing updated response to comments for both the recent EPA and DEQ comments.

Note that we have addressed the major deliverable dates in Section 10.3 of the RI/FS Work Plan and have also updated the schedule in the executive summary.

Please let us know if you have any additional questions, comments, and/or concerns. Otherwise, we will wait for instructions from the broader team regarding finalizing both documents.

Thank you.
